

SWISS INNOVATION APPLIED TO BEAUTY

Is your complexion dull?
Is your skin dry, are wrinkles
appearing?

LIGHT FILLING™
Redensity [I]

INNOVATION

LABORATORIES
TEOXANE
GENEVA

THE BEST OF HYALURONIC ACID

TEOSYAL

EFFECTIVE • SAFE • LONG-LASTING

MADE IN SWITZERLAND

Age, stress, hormonal imbalance (post-birth, menopause...) as well as sun, tobacco and a careless lifestyle are all factors involved in skin aging. At any age, skin aging is accentuated by **the loss of luminosity in your face.**

Your complexion dulls, lines develop, the texture of your skin is uneven, wrinkles and lines appear. All these parameters create dark areas on your face and **your skin gradually loses its ability to reflect light.** Your face looks **sad and tired.**

THE SOLUTION

LIGHT FILLING™

Innovation in aesthetic medicine

A new concept treatment between filling injections and mesotherapy, which redensifies your skin deep down and restores its ability to reflect light. This innovation guarantees a **uniform and totally natural result.**

LIGHT FILLING™

ADVANTAGES

- 1 EXCLUSIVE FORMULA
- 2 OPTIMAL SAFETY
- 3 SIMPLE, EFFECTIVE TREATMENT PROTOCOL
- 4 IMMEDIATE AND CUMULATIVE RESULTS
- 5 VISIBLE AND NATURAL RESULTS

1 EXCLUSIVE FORMULA

Rigorous selection of ingredients, all naturally present in the skin:

- **15 mg/g hyaluronic acid:** for optimal hydration.
 - **Dermo-Restructuring Complex:** 8 amino acids, 3 antioxidants, 2 minerals and 1 vitamin.
 - **Lidocaine:** anaesthetic effect for more injection comfort.
-

2 OPTIMAL SAFETY

High quality requirements and search for optimal tolerance have led to the development of an extremely pure product.

3 SIMPLE, EFFECTIVE TREATMENT PROTOCOL

Light Filling™ treatment consists in performing microinjections of Redensity I evenly across the whole face, so that hyaluronic acid and the Dermo-Restructuring Complex are spread evenly into the skin.

3 Light Filling™ sessions at 3 week intervals are recommended for optimal cutaneous redensification.

2 to 3 sessions per year are recommended to maintain the effects of the treatment.

4 IMMEDIATE AND CUMULATIVE RESULTS

Visible results from the 1st Light Filling™ session*

	FROM THE 1 ST SESSION		
% IMPROVEMENT	FACE	NECK	NECKLINE
COMPLEXION RADIANCE	+19%	+25%	+10%
HYDRATION	+22%	+33%	+18%
IMPROVEMENT of WRINKLES	+20%	+22%	+28%

Cumulative results (1 month after the 3rd Light Filling™ session)*

	1 MONTH AFTER THE THIRD SESSION		
% IMPROVEMENT	FACE	NECK	NECKLINE
COMPLEXION RADIANCE	+67%	+75%	+75%
HYDRATION	+69%	+75%	+54%
IMPROVEMENT of WRINKLES	+83%	+69%	+36%

It is recommended to follow the complete protocol to extend the effects of the treatment and obtain long-lasting results.

*Multicentre study of Teosyal Redensity I efficacy, with a protocol of 3 sessions at 3 week intervals and a checkup visit 1 month after the third session, Dr Carré, Dr Vivier (France); Dr Knoll (Germany), 42 patients, April 2011.

5 VISIBLE AND NATURAL RESULTS

- Features smoothed
- Skin plumped
- Disappearance of dark areas
- Facial oval redrawn

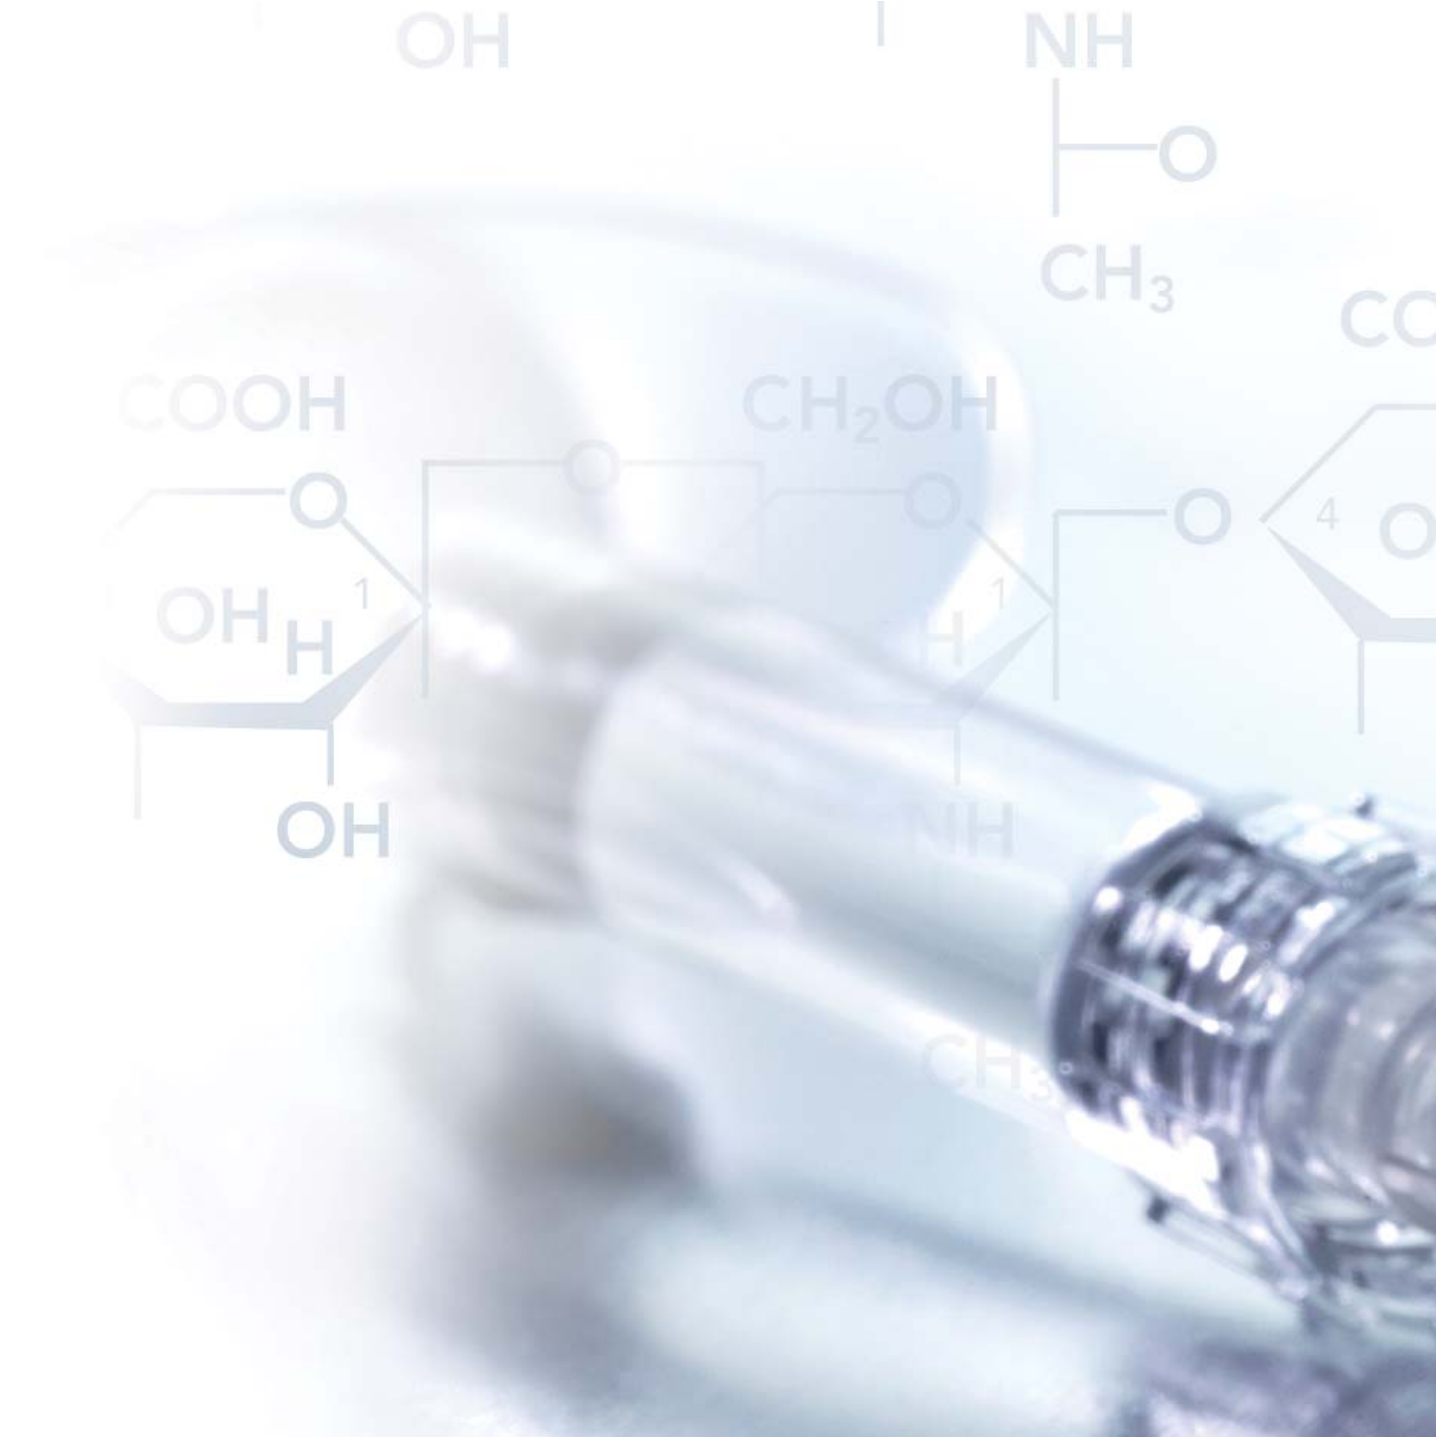

- Features smoothed
- Disappearance of dark areas

BEFORE

1 month after 3 sessions with Teosyal Redensity I*

COSMECEUTICALS

TEOSYAL SOLUTION:
A COMPLEMENTARY
TREATMENT FOR BEFORE
AND AFTER AESTHETIC
PROCEDURES

A range specifically designed to complement aesthetic procedures.

Aesthetic procedures may cause temporary reactions on the skin such as redness, oedema, bruising and skin discoloration. These effects are local and temporary.

Developed to accompany you before and after an aesthetic procedure, the **TEOSYAL COSMECEUTICALS®** anti-aging range offers the perfect combination of **hyaluronic acid**, based on **TEOXANE Laboratories** expertise, and **specific treatment agents for aesthetic procedures**.

1 REGENERATE with PRE/POST Regenerating Soothing Care

A complete skincare improved with extract of arnica recognised for its reparatory and soothing properties. PRE/POST is used 2 to 5 days before an aesthetic procedure to prepare the skin. Following your aesthetic procedure, generously apply a thick layer of PRE/POST during 5 days. The skin is soothed and regains its natural appearance.

2 CORRECT with COVERING REPAIR High Coverage Corrective Foundation – SPF 15

This compact, tinted, cover-up skincare has a double action: it evens the complexion and ensures effective correction of skin imperfections thanks to a formula enriched with moisturising hyaluronic acid and extract of arnica, known for its soothing properties. To unify the complexion and efficiently correct skin imperfections (redness, bruises, dark circles...), apply small quantities of the product onto imperfections, dabbing gently. Evenly correct the complexion according to your skin tone using the 4 mixable shades.

3 ENHANCE and MOISTURISE with ADVANCED FILLER High Nutrition Anti-Wrinkle Cream

A high-performance anti-wrinkle cream enriched with hyaluronic acid microspheres for a result on wrinkles both at the surface and deep down. To enhance the effect of dermal filler injections and intensely moisturise your skin, apply morning and evening ADVANCED FILLER cream (normal to combination skin or dry to very dry skin).
